

Hello Andrada Families,

As we take the last few days to prepare for having students back on campus, here are a few reminders for all of our students-- Hybrid AND Brick to Click:

- HYBRID students with last names A-K are the BLUE group. They will be on campus Mondays and Wednesdays. HYBRID students with last names L-Z are the SILVER group. They will be on campus Tuesdays and Thursdays. All Brick to Click students will "live stream" all of their classes on Tuesdays and Thursdays. PLEASE SEE THE SCHEDULE WITH FURTHER DETAILS THAT WAS SENT LAST WEEK. IT IS AVAILABLE ON OUR WEBSITE.
- Before your student gets on the bus or is dropped off at school, please do a Home Health Check. Make sure your student does not have any COVID-like symptoms and take their temperature to make sure it is under 100 degrees. [Student Illness Guidelines](#) When students are dropped off they will be given a health check before entering campus. This will include making sure they are wearing a mask, affirming that they do not have any COVID-like symptoms, and having their temperature taken.
- Please see the Hybrid Bell Schedule [Hybrid Bell Schedule](#). Students will go to 1st Lunch or 2nd Lunch depending on their 4th period teacher. [Lunch Assignments](#)
- Please have your student bring their schedule with them so they know what rooms they need to report to. This can be printed from Power School or pulled up on their phone.
- All students will be learning more about the safety precautions that are in place while on campus. All families and students have received an email with the link to a brief video showing and describing the rules. This is available on our website and Facebook page. After a few days students will get used to changes made on campus such as one way stairs and hallways. It is very important that all students follow these safety rules:
 - Wear a mask or face covering that fits snugly around their nose and mouth at all times unless eating or drinking, while outside AND at least 6 feet away from others, or during a brief mask break.
 - Maintain social distancing at all times. This means staying at least 6 feet away from others both inside and outside whenever possible. During passing periods, students are to go the correct direction in the hallways, keep their masks on, and stay as distant as possible from each other.
 - Avoid hugging, holding hands, huddling up to talk, and sharing things such as water bottles, phones, school supplies, etc.

I understand that school, even with students in the building, will not look or feel like it did before we all left for spring break last year. Our "new normal" still feels a little sad, but we are all so excited to have our students back. Given our circumstances, we will do our very best to preserve the most important parts of

Andrada-- an excellent education, a strong connection to our students, and maintaining an environment where you can be sure your students are safe physically and socially.

Thank you for your patience and support!

Julia Kaiser, Principal
