

Hello Andrada Students and Families,

We hope you had a restful and enjoyable holiday break. Tomorrow, Monday, January 4th we will begin our three weeks of remote learning. Please read through the following remote learning expectations and print/save the bell schedule so that you can be on-time to your classes each day. We can't wait to see you all back in person on Jan. 25th.

Remote Learning Expectations

- All students will attend school remotely with a conference EVERY DAY (see the attached bell schedule)
- Please login to schoology and into your conferences on time and be prepared with everything you need.
- Try your best to create a quiet and distraction free work space for yourself.
- Keep your comments and questions in Schoology about the instruction and class.
- Turn on your camera and interact with your teacher and classmates.
- If you are released from a conference before the class period is over, use the rest of the time to complete your assigned classwork.
- Attendance will be taken every class period, everyday. Students will be marked absent if they do not join the assigned conference at the beginning of class.
- If you are unable to participate in the conference, a parent must call the attendance line and report you absent.

Helpful Tips for Remote Learning

- Try your hardest to create a school-like environment for yourself to work.
- Do what you would normally do if you were going to school (take a shower, get dressed, put on shoes, eat breakfast, etc.). This will help you get into the school mindset!
- Print the attached bell schedule and put it somewhere you can see each day.
- Set your phone/alarms to match the bell schedule (a few minutes prior to class starting) so that you are not late to class.
- Create a consistent routine for yourself each day with breaks, lunch, and physical activity.
- Make checklists for yourself each day so that you do not forget what you need to complete for class.
- Set small goals for yourself and reward yourself when you reach them.
- Use the buddy system! Reach out to a classmate when you have questions or need help.
- Take ownership of your grades and progress. You can do this! When you are struggling, utilize the supports that are in place (teacher office hours, reteach, tutoring).
- Aim for progress, not perfection.
